Brain Basics Training

**Over 3000 people have taken the Brain Basics Training to date,
here is what they are saying about it...**

"The Brain Basics Course was presented in a way that made it understandable. It was very helpful to those who came in with little medical understanding. Lots of anecdotes really help!"

"This was the best Brain Basics Course ever! I find it to be a great way to raise awareness and knowledge. The instructor's true passion shone through and it was very memorable. The course was very user friendly and there was more than enough time for discussion".

"The Brain Basics Course increased my confidence in my ability to work with clients who have a brain injury. Knowing the physiological, psychological impairments are an asset. I am less fearful of saying or doing the wrong thing".

"After taking the Brain Basics course, I now have a better understanding of some of our client's behaviours and have the confidence of dealing with behaviours of all sorts".

"The Instructor for the course was amazing! Very interesting, dynamic, encouraged questions, interactions, reflections and was extremely knowledgeable. This was an amazing course"!

"The information presented in the course was concise and was very easy to understand and process. Could not have been done a better way"!
