# About The Brain Injury Society of Toronto

## Who we are:

A non-profit organization that began in 2004 and is funded by donations, sponsorships and monies raised at our signature events. **2020 marks the 16th year that BIST has been raising ABI awareness and providing support, education and advocacy to survivors and their caregivers!**

## What we offer:

Free Programs and Services for ABI Survivor Members including:

- Support Groups for Adults, Caregivers, Women and Young Adults
- Concussion Education Series
- ABI information series
- Drop in and Community Programs
- Peer Support Programs
- Workshops and educational series
- Advocacy and Resource Support

## Why we need the support:

- There are half a million people in Ontario living with a brain injury, this is not inclusive of the 155,000 concussions that occur each year.
- Brain Injury does not discriminate, it can happen at any age to anyone of any gender or background
- Publicly funded resources for ABI survivors are extremely limited
- ABI survivors often face a myriad of impairments that can leave them feeling depressed, isolated and misunderstood
- The Brain Injury Society of Toronto (BIST) provides a safe space for ABI survivors to socialize with one another, access resources, learn techniques to cope with their challenges, and enjoy community activities.

## Benefits of being a sponsor:

- Recognition on BIST's Twitter, Facebook, Linked In and Instagram feeds - **6,000** combined followers with a reach of **800,000 individuals**
- Exposure to a myriad of professionals in the rehabilitation field including: Therapists, Medical Practitioners, Home Modifiers, Insurance Companies and Lawyers.
- Exposure to BIST community members who represent all walks of life including, Athletes, Writers, and EMS personnel.
- It's a fun day out, to make new connections and enjoy great team building opportunity!
